

## **DETAILS OF THE PERFORMANCE OF THE INSTITUTION IN ONE AREA DISTINCTIVE TO ITS VISION, PRIORITY AND THRUST**

The college is situated in a remote, near hilly region and semi-urban region. Most of the students hail from villages (some quite far) and have a weak economic background. Lack of any exposure (to opportunities, guidance, career choices, English language, Computer knowledge etc.) at any previous stage (school level etc.) already sets them at the back foot and thus affects their overall growth in the future. The majority of students in the college are girls (more than 60 in the current session). Also, the number of students from the SC, ST and OBC category in the college is quite large. The college thus caters to the socioeconomically deprived and weaker sections of the society as a place of higher education. Moving forward, from the just traditional teaching-learning paradigm, the college strives to work progressively towards an all round development of the students' personality. In line with our vision, of providing quality higher education and skill to the students for employability and overall personal development along with the creation of a knowledge based society, we endeavor forward with the resources (both human and infrastructural) at hand. We wish to instill a sense of self-cognizance amongst the students to help them get their rightful and meaningful roles in the society. The major thrust of the institution is to provide a conducive environment for learning and assimilation of knowledge. The institution is providing quality based education to the students in the way, that the institution could produce confident and responsible citizens.
